

## **Spring Valley Freedom Lodge Private Membership Association (PMA)**

The **Spring Valley Freedom Lodge Private Membership Association (PMA)** is the **economic and social framework** through which our community **operates, trades, and interacts** under the protection of our **508(c)(1)(a) Faith-Based Organization (FBO) Community Trust**.

This structure provides a **legally protected private domain** where members can **conduct business, exchange services, and engage in commerce without the regulatory constraints** imposed on public entities. It allows us to establish an **independent economic ecosystem**, free from unnecessary government oversight, taxation, and statutory interference.

### **How the Freedom Lodge PMA is Structured**

#### **1. Foundation in the 508(c)(1)(a) Community Trust**

- The **Spring Valley Freedom Lodge FBO Trust** serves as the **legal foundation** for the **PMA**.
- As a **faith-based organization**, the Lodge is **inherently tax-exempt** and operates independently from public jurisdiction.
- This allows us to **form a PMA under private contract law**, maintaining **internal sovereignty over our trade and services**.

#### **2. Membership-Based Structure**

- The **Freedom Lodge PMA** is **not a public business or corporation**; it is a **private association of individuals who voluntarily contract as members**.
- Membership is **by invitation and agreement**, meaning all members operate **under the bylaws and values of the Lodge**.
- This structure ensures **legal protections, privacy, and freedom in our internal commerce and community affairs**.

#### **3. Internal Governance & Self-Regulation**

- The **Freedom Lodge Council** oversees **PMA governance, contracts, and internal policies**.
- Members **exchange goods and services freely**, without external interference.
- All **disputes and agreements are handled internally**, with arbitration and mediation based on **common law and private contract law**.

#### **4. Membership Benefits & Economic Participation**

- **All Lodge initiatives, trade, and services** are conducted **within the PMA**, ensuring that wealth and opportunity **stay within the community**.
- Members **access exclusive business, trade, education, and investment opportunities**.

- The PMA functions as a **self-sufficient economic hub**, allowing members to build businesses, collaborate, and prosper under a **mutual aid framework**.
-
